This is the contact at BR. You can email him the final plan on my behalf. Thanks. I'm completely offline tomorrow, in the wilderness with the Scouts. Thanks.

Thanks Pat.

Also, as we discussed, we can meet to discuss plant issues and conduct an inspection at the WWTP on the morning of Tuesday, August 27. Then we will attend the hearing in the evening, and head back to the office the next morning.

Here is the draft sent to me from which the Human Resources Department posted. The posting will expire on August 17<sup>th</sup> at which time we will be scheduling interviews the following week. Depending on the candidate chosen it is difficult to determine a time when the new manager will start. It is my hope to get the person started before the middle of September.

Pat: I reviewed the information you provided yesterday and have a some follow-up questions.

- 1) Can you provide a copy of the operator vacancy announcement by August 9, 2013?
- 2) Given where you are with the operator recruitment process, do you have a projected start date for the new operator? Or perhaps a schedule of milestones for the recruitment process?
- 3) It appears that the I&I report is expected to be finalized by 12/31/13. In the interim, can you provide the current draft version of the I&I Report by August 30, 2013?

Please provide any responses to the questions above by August 9, 2013.

Thanks,  
Dean

This is a compliance plan submitted to me today from the EPA. It consists of many time lines including next Monday. Can we use Ty's document coupled with some time lines and send to EPA?

Dear Mr. Hunt: As we discussed this morning, here is the draft Compliance Plan. Please provide any comments by August 9. I will be available next Tuesday through Friday if you would like to discuss the plan.

Thanks,  
Dean Maraldo
